<b>Creating Classroom Magic with iPad</b> <b>SPECIAL 2nd Gen iPad</b>	<b>21st Century Connected Classroom</b>	<b>iPad Owners Forum</b>
<p>The class that sold out at CUE Fall 2010 is back!</p> <p>The iPad has the potential to make teaching and learning truly interactive. Discover how the iPad can make teaching more efficient and engaging. Explore apps that students can use to engage in multimedia learning. Oh yeah, and you get to take the iPad with you (2nd Generation iPad!). You need the latest version of iTunes on your laptop. (16GB Wi-Fi iPad).</p> <p>Cost \$625.00</p> <p>Maximum: 25 Attendees</p> <p>9am to Noon</p>	<p>Explore 21st century strategies and technologies to enhance student learning. This workshop will feature hands-on learning with Podcasts, Voicethread, Wikis, Google Docs and more! Create interactive lessons that engage all learning styles through multi sensory approach to learning!</p> <p>This class is fast paced and requires participants to have intermediate technology skills.</p> <p>Cost \$50.00    9am to 3pm    Max 25</p>	<p>Already Own an iPad? Out of the box and into your classroom!</p> <p>This is the workshop for you! A class offered for iPad users looking to extend their tool into the classroom. Workshop will feature tricks and tips from a teacher currently using the iPad in his classroom on a daily basis. Get training on cutting edge education apps as well as connect with local teachers endeavoring to bring this powerful new technology beyond popular culture and into the new frontier of education.</p> <p>Cost \$25.00</p> <p>Maximum: 25 Attendees</p> <p>9am to noon</p>
