Conference Focus

Our 12th annual "Innovations in Education" conference will focus on the thoughtful use of technology in classroom instruction and student achievement. This event supports the "highly qualified teacher" initiatives under Title II and BTSA Standard 16. Breakout sessions provide research-based strategies and standards-aligned student activities. Technology related topics include:

- Literacy & Language Development
- Differentiation
- Student Motivation in all content areas
- Data-Driven Instruction
- Classroom Management
- Supporting EL learners

Who Should Attend?

Teachers, parents, and administrators involved in K-20 education; conference emphasizes technology integration to improve teaching and increase student achievement.

Special Events:

- CONTENT STRANDS** – Targeted strands for Administrators, BTSA, GATE, primary, ELD, and video production.
- MULTIPLE HANDS-ON SESSIONS** – Upgrade your personal technology skills.
- BREAKFAST & LUNCH** – Delicious food & ample time to network with colleagues from neighboring schools.
- FABULOUS DOOR PRIZES** – Including an EXTREME Makeover!
- VENDOR FAIR** – review new classroom support resources to advance student achievement.

Cost: \$35 per individual (\$20 for pre-service or retired teachers) ... includes registration, meals & great fun!
